

POWER CUBES™

+ MINERALS

PowerCubes™ + Minerals range cubes are designed as a mineral-fortified protein supplement for beef cattle on pasture. The product combines the advantages of distillers grains with essential minerals and nutrients cattle need. These essential elements are proven to decrease scouring and improve immune function, while also positively impacting the breeding potential of the entire herd. A great source of calcium, phosphorus, and potassium, PowerCubes™ + Minerals includes added zinc, copper, manganese, magnesium, cobalt, and iodine. It also has added vitamin A, D, and E.

FEED YOUR HERD WITH A SUPERIOR QUALITY PRODUCT

- Less than 1% fines within each load
- Structural integrity is maintained even in the heat of summer

EXPERIENCE CONVENIENT FEEDING

- ¾" extruded cube allows for little to zero loss of feed when fed to cattle on pasture or range production systems
- Easy to feed at a rate of 2-5 pounds per head per day

GIVE YOUR CATTLE EXACTLY WHAT THEY NEED

- 28% crude protein with 6% crude fat for beneficial nutrition
- Meets 8% dietary crude protein necessary for cow maintenance
- Additional bioavailable zinc, copper, manganese, magnesium, cobalt, iodine, and vitamins, A, D, and E

SUPPORT YOUR HERD'S PRODUCTION CYCLE

- Optimizes cow vitality in preparation for calving and into early lactation to aid in maintaining both cow and calf
- Maintains herd longevity with additional crude protein and energy for proper development of bulls and heifers

PROTEIN & MINERAL SUPPLEMENT

For Beef Cattle on Pasture

TYPICAL ANALYSIS

Crude Fat	(Min)	6.0%	Copper	(Min)	110 ppm
Calcium	(Min)	0.75 %	Manganese	(Min)	220 ppm
Calcium	(Max)	1.50 %	Cobalt	(Min)	4.5 ppm
Phosphorous	(Min)	0.80 %	Iodine	(Min)	10 ppm
Salt	(Min)	NONE ADDED	Selenium	(Min)	0.1 ppm
Potassium	(Min)	1.0 %	Vitamin A	(Min)	17,000 IU/lb
Magnesium	(Min)	0.3 %	Vitamin D	(Min)	1,700 IU/lb
Zinc	(Min)	330 ppm	Vitamin E	(Min)	17 IU/lb

FEEDING DIRECTIONS

Feeding rate will vary depending on quantity and quality of available forage and animal age and condition. This is a complete supplement; no additional vitamin and mineral supplementation is required when fed at the recommended rate. However, plain white salt (either loose or blocks) should always be available on a free-choice basis. An adequate supply of long-stem forage or roughage (at least 2% of BW) and fresh, clean water should always be available.

TYPE OF ANIMAL	POUNDS PER HEAD PER DAY
Cattle (Beef)	3 - 5
Calves (Beef)	2 - 3

WARNING

Do not feed to sheep or goats due to high copper levels.

Available in 50 lb bags, 2,000 lb super sacks, or bulk.
