

PowerCubes™ range cubes are an innovative feed solution for delivering distillers grains to cattle. They provide a nutrient-dense combination of natural protein, fat, soluble fiber, vitamin A, and phosphorus that can optimize rumen performance and aid in fiber digestion, even in the summer months.

FEED YOUR HERD WITH A SUPERIOR QUALITY PRODUCT

- Less than 1% fines within each load
- Structural integrity is maintained even in the heat of summer

EXPERIENCE CONVENIENT FEEDING

- ¾" extruded cube allows for little to zero loss of feed when fed to cows on pasture or range production systems
- Easy to feed at a rate of 2-3 pounds per head per day

GIVE YOUR CATTLE EXACTLY WHAT THEY NEED

- Contains a minimum of 28% crude protein and 6% fat for beneficial nutrition
- Meets the 8% dietary crude protein requirement for cow maintenance

SUPPORT YOUR HERD'S PRODUCTION CYCLE

- Improves cow vitality in preparation for calving and into early lactation to aid in maintaining both cow and calf
- Increase herd longevity with additional crude protein and energy for proper development of bulls and heifers

Corn Distillers Dried Grains with Solubles

FEEDING DIRECTIONS

Feed as part of a total mixed ration. Consult the following chart for usage.

TYPE OF ANIMAL	POUNDS PER HEAD PER DAY
Cattle (Beef)	2 - 8
Calves (Beef)	1 - 2

In all cases, provide plenty of fresh, clean water, adequate forage, and a source of vitamins and minerals. For further feeding directions, consult your supplier or nutritionist.

Available in 50 lb bags, 2,000 lb super sacks, or bulk.
